## FEDERAL SUMMARY

**College Place School District No. 250**  
**Walla Walla County**  
**September 1, 2013 through August 31, 2014**

The results of our audit of College Place School District No. 250 are summarized below in accordance with U.S. Office of Management and Budget Circular A-133.

### Financial Statements

An unmodified opinion was issued on the financial statements.

Internal Control Over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the District.

### Federal Awards

Internal Control Over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the District's compliance with requirements applicable to each of its major federal programs.

We reported no findings that are required to be disclosed under section 510(a) of OMB Circular A-133.

## Identification of Major Programs:

The following were major programs during the period under audit:

<u>CFDA No.</u>	<u>Program Title</u>
10.553	Child Nutrition Cluster - School Breakfast Program
10.555	Child Nutrition Cluster - National School Lunch Program

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by OMB Circular A-133, was \$300,000.

The District qualified as a low-risk auditee under OMB Circular A-133.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

**College Place School District No. 250  
Walla Walla County  
September 1, 2013 through August 31, 2014**

Board of Directors  
College Place School District No. 250  
College Place, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of College Place School District No. 250, Walla Walla County, Washington, as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the District's financial statements, and have issued our report thereon dated May 20, 2015.

We issued an unmodified opinion on the fair presentation of the District's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared by the District using accounting practices prescribed by Washington State statutes and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1, which is a basis of accounting other than GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial

statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other

purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR  
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB  
CIRCULAR A-133**

**College Place School District No. 250  
Walla Walla County  
September 1, 2013 through August 31, 2014**

Board of Directors  
College Place School District No. 250  
College Place, Washington

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL  
PROGRAM**

We have audited the compliance of College Place School District No. 250, Walla Walla County, Washington, with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2014. The District's major federal programs are identified in the accompanying Federal Summary.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program

occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the District's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2014.

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal

control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **PURPOSE OF THIS REPORT**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

# INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

## **College Place School District No. 250 Walla Walla County September 1, 2013 through August 31, 2014**

Board of Directors  
College Place School District No. 250  
College Place, Washington

### **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of College Place School District No. 250, Walla Walla County, Washington, for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the District's financial statements, as listed on page 15.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Washington State statutes and the *Accounting Manual for Public School Districts in the State of Washington* (Accounting Manual) described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial

statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Unmodified Opinion on Regulatory Basis of Accounting (Accounting Manual)**

As described in Note 1, College Place School District No. 250 has prepared these financial statements to meet the financial reporting requirements of Washington State statutes using accounting practices prescribed by the Accounting Manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations of College Place School District No. 250, for the year ended August 31, 2014, on the basis of accounting described in Note 1.

### **Basis for Adverse Opinion on U.S. GAAP**

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. The effects on the financial statements of the variances between GAAP and the accounting practices the District used, as described in Note 1, although not reasonably determinable, are presumed to be material. As a result, we are required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

### **Adverse Opinion on U.S. GAAP**

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of College Place School District No. 250, as of August 31, 2014, or the changes in financial position or cash flows for the year then ended, due to the significance of the matter discussed in the above "Basis for Adverse Opinion on U.S. GAAP" paragraph.

## Other Matters

### *Supplementary and Other Information*

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The accompanying Schedules of Long-Term Liabilities are also presented for purposes of additional analysis, as required by the prescribed Accounting Manual. These schedules are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

## OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**COLLEGE PLACE SCHOOL DISTRICT NO. 250**  
**Notes to the Financial Statements**  
September 1, 2013 through August 31, 2014

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The College Place School District is a municipal corporation organized pursuant to Title 28A of the Revised Code of Washington (RCW) for the purposes of providing public school services to students in grades K–12. Oversight responsibility for the District’s operations is vested with the independently elected board of directors. Management of the District is appointed by and is accountable to the board of directors. Fiscal responsibility, including budget authority and the power to set fees, levy property taxes, and issue debt consistent with provisions of state statutes, also rests with the board of directors.

The District presents governmental fund financial statements and related notes on the cash basis of accounting, except for the Debt Service Fund which is reported on the modified accrual basis of accounting, in accordance with the *Accounting Manual for Public School Districts in the State of Washington*, issued jointly by the State Auditor’s Office and the Superintendent of Public Instruction by the authority of RCW 43.09.200, RCW 28A.505.140, RCW 28A.505.010(1), and RCW 28A.505.020. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- (1) Financial transactions are recognized on a cash basis of accounting as described below.
- (2) Districtwide statements, as defined in GAAP, are not presented.
- (3) A Schedule of Long-Term Liabilities is presented as supplementary information.
- (4) Supplementary information required by GAAP is not presented.

**Fund Accounting**

Financial transactions of the District are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures as appropriate. All funds are considered major funds. The various funds in the report are grouped into governmental (and fiduciary) funds as follows:

***Governmental Funds***

General Fund

This fund is used to account for all expendable financial resources, except for those that are required to be accounted for in another fund.

Capital Projects Funds

These funds account for financial resources that are to be used for the construction or acquisition of major capital assets. There are two funds that are considered to be of the capital projects fund type: the Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund. This fund is used to account for resources set aside for the acquisition and construction of major capital assets such as land and buildings.

Transportation Vehicle Fund. This fund is used to account for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment.

#### Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of matured general long-term debt principle, interest and related expenditures.

#### Special Revenue Fund

In Washington State, the only allowable special revenue fund for school districts is the Associated Student Body (ASB) Fund. This fund is accounted for in the District's financial statements as the financial resources legally belong to the District. As a special revenue fund, amounts within the ASB Fund may only be used for those purposes that relate to the operation of the Associated Student Body of the District.

#### Permanent Funds

These funds are used to report resources that are legally restricted such that only earnings, and not principal, may be expended. Amounts in the Permanent Fund may only be spent in support of the District's programs and may not be used to the benefit of any individual.

#### Fiduciary Funds

Fiduciary funds include pension and other employee benefit trust funds, private-purpose trust funds, and agency funds, and are used to account for assets that are held in trust by the District in a trustee and agency capacity.

#### Private-Purpose Trust Fund

This fund is used to account for resources that are legally held in trust by the District. The trust agreement details whether principal and interest may both be spent, or whether only interest may be spent. Money from a Private-Purpose Trust Fund may not be used to support the District's programs, and may be used to benefit individuals, private organizations, or other governments.

#### Pension (and Other Employee Benefit) Trust Fund<sup>②</sup>

This fund is used to account for resources to be held for the members and beneficiaries of a pension plan or other employee benefit plans.

#### Agency Funds

These funds are used to account for assets that the District holds on behalf of others in a purely custodial capacity.

### **Measurement focus, basis of accounting and fund financial statement presentation**

Governmental fund financial statements are reported using the cash basis of accounting and measurement focus. Revenues are recognized when they are received in cash and

expenditures are recognized when warrants are issued. Purchases of capital assets are expensed during the year of acquisition.

## **Budgets**

Chapter 28A.505 RCW and Chapter 392-123 Washington Administrative Code (WAC) mandate school district budget policies and procedures. The board adopts annual appropriated budgets for all governmental funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Appropriations lapse at the end of the fiscal period.

Budgets are adopted on the same cash basis as used for financial reporting, except for the Debt Service Fund which is accounted for on the modified accrual basis of accounting. Fund balance is budgeted as available resources and, under statute, may not be negative, unless the District enters into binding conditions with state oversight pursuant to RCW 28A.505.110.

**The government's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.**

The District receives state funding for specific categorical education-related programs. Amounts that are received for these programs that are not used in the current fiscal year may be carried forward into the subsequent fiscal year, where they may be used only for the same purpose as they were originally received. When the District has such carryover, those funds are expended before any amounts received in the current year are expended.

Additionally, the District has other restrictions placed on its financial resources. When expenditures are recorded for purposes for which a restriction or commitment of fund balance is available, those funds that are restricted or committed to that purpose are considered first before any unrestricted or unassigned amounts are expended.

## **The government's fund balance classifications policies and procedures.**

The District classifies ending fund balance for its governmental funds into five categories.

Nonspendable Fund Balance. The amounts reported as Nonspendable are resources of the District that are not in spendable format. They are either non-liquid resources such as inventory or prepaid items, or the resources are legally or contractually required to be maintained intact.

Restricted Fund Balance. Amounts that are reported as Restricted are those resources of the District that have had a legal restriction placed on their use either from statute, WAC, or other legal requirements that are beyond the control of the board of directors. Restricted fund balance includes anticipated recovery of revenues that have been received but are restricted as to their usage.

Committed Fund Balance. Amounts that are reported as Committed are those resources of the District that have had a limitation placed upon their usage by formal action of the District's board of directors. Commitments are made either through a formal adopted board resolution or are related to a school board policy. Commitments may only be changed when the resources are used for the intended purpose or the limitation is removed by a subsequent formal action of the board of directors.

Assigned Fund Balance. In the General Fund, amounts that are reported as Assigned are those resources that the District has set aside for specific purposes. These accounts reflect tentative management plans for future financial resource use such as the replacement of equipment or the assignment of resources for contingencies. Assignments reduce the amount reported as Unassigned Fund Balance, but may not reduce that balance below zero.

In other governmental funds, Assigned fund balance represents a positive ending spendable fund balance once all restrictions and commitments are considered. These resources are only available for expenditure in that fund and may not be used in any other fund without formal action by the District's board of directors and as allowed by statute.

The {title or person or persons} is/are the only person (persons) who have the authority to create Assignments of fund balance.

Unassigned Fund Balance. In the General Fund, amounts that are reported as Unassigned are those net spendable resources of the District that are not otherwise Restricted, Committed, or Assigned, and may be used for any purpose within the General Fund.

In other governmental funds, Unassigned fund balance represents a deficit ending spendable fund balance once all restrictions and commitments are considered.

A negative Unassigned fund balance means that the legal restrictions and formal commitments of the District exceed its currently available resources.

### **Cash and Cash Equivalents**

All of the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

## **NOTE 2: CASH DEPOSITS WITH FINANCIAL INSTITUTIONS**

The Walla Walla County Treasurer is the *ex officio* treasurer for the District and holds all accounts of the District. The District directs the County Treasurer to invest those financial resources of the District that the District has determined are not needed to meet the current financial obligations of the District.

The District's investments as of August 31, 2014, are as follows:

<u>Deposit Type</u>	<u>Book Value</u>	<u>Market Value</u>
County Treasurer's Investment Pool	\$6,754,448.86	\$6,770,390.96

This amount is held separately for construction.

### **NOTE 3: SIGNIFICANT CONTINGENT LIABILITIES**

#### **Litigation**

The District has no known legal obligations that would materially impact the financial position of the District.

### **NOTE 4: SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS**

There were no events after the balance sheet date that would have a material impact on the next or future fiscal years.

### **NOTE 5: ANNUAL PENSION COST AND NET PENSION OBLIGATIONS**

#### **A. General Information**

Substantially all District full-time and qualifying part-time employees participate in one of the following three contributory, multi-employer, cost-sharing statewide retirement systems managed by the Washington State Department of Retirement Systems (DRS): Teachers' Retirement System (TRS), Public Employees' Retirement System (PERS) and School Employees' Retirement System (SERS). Participation in the programs was as follows:

Membership by retirement system program as of June 30, 2012:

<u>Program</u>	<u>Active Members</u>	<u>Inactive Vested Members</u>	<u>Retired Members</u>
TRS	65,357	9,545	42,918
PERS	150,590	30,515	82,242
SERS	51,558	10,920	7,651

Membership by retirement system program as of June 30, 2013:

<u>Program</u>	<u>Active Members</u>	<u>Inactive Vested Members</u>	<u>Retired Members</u>
TRS	65,935	9,823	44,220
PERS	150,706	31,047	85,328
SERS	52,295	11,588	9,079

*Data is as of last actuarial valuation date of June 30, 2013.*

Certificated public employees are members of TRS. Noncertificated public employees are members of PERS (if Plan 1) or SERS.

Plan 1 under the TRS and PERS programs are defined benefit pension plans whose members joined the system on or before September 30, 1977. Plan 1 members are eligible to retire with

full benefits after five years of credited service and attainment of age 60, after 25 years of credited service and attainment of age 55, or after 30 years of credited service.

Plan 2 under the TRS or SERS programs are defined benefit pension plans whose members joined on or after October 1, 1977, but before June 30, 1996 or August 31, 2000, for TRS or SERS programs, respectively. Members of TRS and SERS are eligible to retire with full benefits after five years of credited service and attainment of age 65, after 20 years of credited service and attainment of age 55 with the benefit actuarially reduced from age 65, or 30 years of credited service and receive either a reduced benefit or stricter return-to-work rules.

Plan 3 under the TRS and SERS programs are defined benefit, defined contribution pension plans whose members joined on or after July 1, 1996, or September 1, 2000, for TRS and SERS, respectively. Members are eligible to retire with full benefits at age 65, or they may retire at age 55 with at least ten service years with a reduced benefit amount, or they may retire at age 55 with at least 30 service years and receive either a reduced benefit or stricter return-to-work rules.

Average final compensation (AFC) of Plan 1 TRS and PERS members is the highest average salary during any two consecutive years. For Plan 2 and Plan 3 TRS and SERS members, it is the highest average salary during any five consecutive years.

The retirement allowance of Plan 1 TRS and PERS members is the AFC multiplied by 2 percent per year of service capped at 60 percent with a cost-of-living adjustment. For Plan 2 TRS and SERS members, it is the AFC multiplied by 2 percent per year of service with provision for a cost-of-living adjustment. For the defined benefit portion of Plan 3 TRS and SERS it is the AFC multiplied by 1 percent per year of service with a cost-of-living adjustment.

The employer contribution rates for PERS, TRS, and SERS (Plans 1, 2, and 3) and the TRS and SERS Plan 2 employee contribution rates are established by the Pension Funding Council based upon the rates set by the Legislature. The employee contribution rate for Plan 1 in PERS and TRS is set by statute at 6 percent and does not vary from year to year. The employer rate is the same for all plans in a system. The methods used to determine the contribution requirements are established under chapters 41.40, 41.32, and 41.35 RCW for PERS, TRS and SERS respectively.

The district contribution represents its full liability under both systems, except that future rates may be adjusted to meet the system needs.

## B. Contributions

Employee contribution rates effective September 1, 2013 through August 31, 2014:

Plan 1 TRS	6.00%	Plan 1 PERS	6.00%
Plan 2 TRS	4.96%	Plan 2 SERS	4.64%
Plan 3 TRS and SERS	5.00% (minimum), 15.00% (maximum)		

For Plan 3 TRS and SERS, rates adjusted based upon age may be chosen. The optional rates range begins at 5 percent and increase to a maximum of 15 percent.

Employer contribution rates effective September 1, 2013 through August 31, 2014:

Plan 1 TRS	10.39%	Plan 1 PERS	9.21%
Plan 2 TRS	10.39%	Plan 2 SERS	9.82%
Plan 3 TRS	10.39%	Plan 3 SERS	9.82%

Under current law the employer must contribute 100 percent of the employer-required contribution. Employer required contributions in dollars (Participant information for all plans is as of August 31):

Contributions			
Plan/Year	2013/2014	2012/2013	2011/2012

## **NOTE 6: ANNUAL OTHER POST-EMPLOYMENT BENEFIT COST AND NET OPEB OBLIGATIONS**

The State, through the Health Care Authority (HCA), administers an agent multi-employer Other Post-Employment Benefit plan. The Public Employees Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria for both active and retired employees. Programs include (medical, dental, life insurance and long-term disability insurance)<sup>(6)</sup>.

Employers participating in the plan include the State of Washington (which includes general government agencies and higher education institutions), 57 of the state's K-12 school districts and educational service districts (ESDs), and 206 political subdivisions and tribal governments. Additionally, the PEBB plan is available to the retirees of the remaining 247 K-12 school districts and ESDs. The district's retirees are eligible to participate in the PEBB plan under this arrangement.

According to state law, the Washington State Treasurer collects a fee from all school district entities which have employees that are not current active members of the state Health Care Authority but participate in the state retirement system. The purpose of this fee is to cover the

impact of the subsidized rate of health care benefits for school retirees that elect to purchase their health care benefits through the state Health Care Authority. For the fiscal year 2013–14, the District was required to pay the HCA \$64.40 per month per full-time equivalent employee to support the program, for a total payment of \$48,622.00. This assessment to the District is set forth in the State’s operating budget and is subject to change on an annual basis. This amount is not actuarially determined and is not placed in a trust to pay the obligations for post-employment health care benefits.

The District has no control over the benefits offered to retirees, the rates charged to retirees, nor the fee paid to the Health Care Authority. The District does not determine its Annual Required Contribution nor the Net Other Post-Employment Benefit obligation associated with this plan. Accordingly, these amounts are not shown on the financial statements. This is a departure from GAAP.

**NOTE 7: COMMITMENTS UNDER NONCAPITALIZED (OPERATING) LEASES**

For the fiscal year ended August 31, 2013, the district had incurred a lease obligation as follows:

Lessor	Amount	YTD Pmt	Final Installment Date	Interest Rate	Balance
<b><u>LEASE-PURCHASE COMMITMENTS</u></b>					
Konica Monolta	<b>\$9,054</b>	<b>\$7,734</b>	<b>3/2016</b>	<b>-0-</b>	<b>\$1,320</b>

The district is leasing a copier for the District office. This lease is set up on a 60 month term.

**NOTE 8: CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS**

The District passed a Capital Improvements Bond in April 2012.

Construction in progress is composed of:

Project	Project Authorization Amount	Expended as of 8/31/14	Additional Local Funds Committed	Additional State Funds Committed
New Elementary School	\$12,282,577.00	\$17,678,312.38	0.00	\$8,245,866.00
New High School/Middle School	\$26,433,209.00	\$14,135,354.50	0.00	\$6,636,421.00
Total	\$38,715,786.00	\$31,813,666.88	0.00	\$14,882,287.00

**NOTE 9: REQUIRED DISCLOSURES ABOUT CAPITAL ASSETS**

The District's capital assets are insured in the amount of \$21,921,593.00 for fiscal year 2014. In the opinion of the District's insurance consultant, the amount is sufficient to adequately fund replacement of the District's assets.

**NOTE 10: REQUIRED DISCLOSURES ABOUT LONG-TERM LIABILITIES**

At August 31, 2014 the district had \$829,665.66 available in the Debt Service Fund to service the general obligation bonds.

## **NOTE 11: INTERFUND BALANCES AND TRANSFERS**

N/A The District does not have any interfund loans.

## **NOTE 12: ENTITY RISK MANAGEMENT ACTIVITIES**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

### **Workers' Compensation**

In fiscal year 1985, school districts within Educational Service District (ESD) #123 joined together to form the Southeast Washington Workers Compensation Cooperative Trust, a public entity risk pool currently operating as a common risk management and insurance program for industrial insurance. For fiscal year 2013-2014, there are nineteen school districts, including ESD #123, in the pool. The pool allows members to pool their self-insured losses and jointly purchases insurance and administrative services, such as risk management, claims administration, etc. Coverage is on an "occurrence" basis. The district pays an annual contribution to the fund based on their total payroll hours and claims history for the past three years. The pool is fully funded by its member participants. The pool acquires insurance from unrelated underwriters. The pool's per-occurrence retention limit is \$400,000 and the bi-annual aggregate retention is \$5,533,482. The maximum coverage under the excess insurance contract is \$5,533,482. Since the pool is a cooperative program, there is a joint liability among the participating members. The financial statements of the pool may be obtained by contacting Educational Service District No. 123.

A Cooperative Board that is comprised of one designated representative from each participating member and a six member Executive Board governs the Pool. The Executive Board has five members elected by the Cooperative Board and the ESD Superintendent. ESD #123 is responsible for conducting the business affairs of the Pool.

### **Property and Liability Insurance**

The College Place School District is a member of the United Schools Insurance Program. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The pool was formed on September 1, 1985, when 29 school districts in the State of Washington joined together by signing a Joint Purchasing Agreement to pool their self-insured losses and jointly purchase

insurance and administrative services. Current membership includes 155 full member school districts.

The program allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Wrongful Act Liability and Employee Benefit Liability is on a “claims made basis”. All other coverage’s are on an “occurrence basis”. The program provides the following forms of group purchased insurance coverage for its members: Property, General Liability, Automobile Liability, Wrongful Acts Liability, and Crime.

Liability Insurance is subject to a self-insured retention of \$100,000. Members are responsible for \$1,000 deductible amount for each claim (member deductibles may vary), while the program is responsible for the remaining \$100,000 self-insured retention.(SIR) Insurance carriers cover insured losses over \$101,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$100,000 of the self-insured retention. The program also purchases a stop loss policy with an attachment point of \$995,000 as an additional layer of protection for its members.

Property insurance is subject to a per-occurrence deductible of \$100,000. Members are responsible for the first \$1,000 deductible for each claim (Member deductibles may vary), while the program is responsible for the \$100,000 (SIR).

Equipment Breakdown insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the deductible amount of each claim.

Each new member now pays the program an admittance fee. This amount covers the member’s share of unrestricted reserves. Members contract to remain in the program for a minimum of one year, and must give notice before August 31 before terminating participation the following September 1. The Interlocal Agreement is renewed automatically each year. Even after termination, a member is still responsible for contributions to the pool for any unresolved, unreported, and in-process claims for the period they were a signatory to the Joint Purchasing Agreement.

The program is fully funded by its member participants. Claims are filed by members with Canfield, which has been contracted to perform program administration, claims adjustment and loss prevention for the program. Fees paid to the third party administrator under this arrangement for the year ended August 31, 2014 was \$1,514,980.35.

A Board of Directors of nine members is selected by the membership from six areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program. The Board of Directors has contracted with Canfield to perform day-to-day administration of the program. This program has no employees.

## **NOTE 13: PROPERTY TAXES**

Property tax revenues are collected as the result of special levies passed by the voters in the District. Taxes are levied on January 1. The taxpayer has the obligation of paying all taxes on April 30 or one-half then and one-half on October 31. Typically, slightly more than half of the collections are made on the April 30 date. The October 31 collection of property taxes will be recorded as revenue consistent with the cash basis of accounting.

**NOTE 14: JOINT VENTURES AND JOINTLY GOVERNED ORGANIZATIONS**

The District is a member of the King County Directors’ Association (KCDA). KCDA is a purchasing coop designed to pool the member districts’ purchasing power. The Board authorized joining the association on January 8, 1972 and has remained in the joint venture ever since. The District’s current equity of \$8,064.38 is the accumulation of the annual assignment of KCDA’s operating surplus based upon the percentage derived from KCDA’s total sales to the District compared to all other districts applied against paid administrative fees. The District may withdraw from the joint venture and will receive its equity in ten annual allocations of merchandise or 15 annual payments.

**NOTE 15: FUND BALANCE CLASSIFICATION DETAILS**

The District’s financial statements include the following amounts presented in the aggregate.

	General Fund	ASB Fund	Capital Projects Fund	Debt Service Fund	Transportation Vehicle Fund

**NOTE 16: POST-EMPLOYMENT BENEFIT PLANS OTHER THAN PENSION PLANS—BOTH IN SEPARATELY ISSUED PLAN FINANCIAL STATEMENTS AND EMPLOYER STATEMENTS ⑤**

457 Plan – Deferred Compensation Plan

District employees have the option of participating in an IRC, Section 457, deferred compensation plan administered by the state deferred compensation plan, or the district.

### 403(b) Plan – Tax Sheltered Annuity (TSA)

The district offers a tax deferred annuity plan for its employees. The plan permits participants to defer a portion of their salary until future years under two types of deferrals: elective deferrals (employee contribution) and non-elective contribution (employer matching).

The district complies with IRS regulations that require school districts to have a written plan to include participating investment companies, types of investments, loans, transfers, and various requirements. The plan is administered by Security Benefit. The plan assets are assets of the school district employees, not the school district, and are therefore not reflected on these financial statements.

## **NOTE 17: TERMINATION BENEFITS**

### Compensated Absences

Employees earn sick leave at a rate of 12 days per year up to a maximum of one contract year.

Under the provisions of RCW 28A.400.210, sick leave accumulated by district employees is reimbursed at death or retirement at the rate of one day for each four days of accrued leave, limited to 180 accrued days. This statute also provides for an annual buy out of an amount up to the maximum annual accumulation of 12 days. For buy out purposes employees may accumulate sick leave to a maximum of 192 days, i.e., 12 buy out days and a maximum leave accrual of 180 days, as of December 31 of each year.

District obligation for vested sick leave at August 31, 2014 amounts to \$125,079.94 .

Vested sick leave for employees eligible for retirement is recorded as long-term debt liabilities. These expenditures are recorded when paid, except termination sick leave that is accrued upon death or retirement. Vested sick leave was computed using the termination payment method.

Unpaid vacation leave liability at August 31, 2014 amounts to \$36,958.05 .

Vacation Leave includes the balance for each employee that accrues leave. The value is calculated by multiplying the hourly rate by the total accumulated hours as of August 31, 2014.

Note # 1:		BASIS OF ACCOUNTING: The Schedule of Expenditures of Federal Awards is prepared on the cash basis of accounting. Expenditures represent only the federally funded portions of the program. District records should be consulted to determine amounts expended.					
Note # 3:		NON CASH AWARDS - FOOD COMMODITIES: The amount of food commodities reported on the schedule is the market value of commodities distributed by the District during the current year. The USDA determines the value.					
Note # 4:		SCHOOLWIDE PROGRAMS: The District operates a "schoolwide program" in elementary buildings. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for					
Note # 7:		FEDERAL INDIRECT RATE: The College Place School District used the federal Restricted Rate of 4.86%					

## ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
